

We have lift off!

The **ContactPoint** directory will be officially launched in **November 2009** with our 'pilot' training scheme.

ContactPoint
Improving Communication
E-News October 09 Edition 9

As we look towards the official launch of ContactPoint on November 3rd, we now have 86 practitioners signed up to take part in the ContactPoint training which begins on 17th November 2009. We will be training frontline practitioners from;

- Schools, Children and Families
- Anti Social Behaviour Coordinators
- Safer Schools Officers from Essex Police
- Child Protection Officers in both Maintained and Independent Schools
- Youth Offending Team workers

We are hoping to learn from the training pilot and use feedback from the newly trained ContactPoint users to 'fine tune' the full training rollout programme across Essex next year. Full information about ContactPoint and Every Child Matters is available on the Children's Trust website www.ctaessex.org.uk ; Essex County Council colleagues can log onto the intranet <http://intranet/contactpoint> and schools staff can access further information at the [Essex Schools Infolink](#).
